NEWS OF THE VICINAGE.

Rivals is a new postoffice in Spencer county and G. W. Sloan is postmaster. Will Gilbert and Frank Watson, Negroes, perhaps fatally wounded each other in a fight at Manchester.

The two highly bred bloodhounds belonging to J. J. Peel, town marshal of Nicholasville, were shot and killed by William Card, a farmer, who shot the dogs, believing they were after his sheep.

The Centre College foot ball team will this fall be trained by a high class coach. He will be Ralph P. Hemil, who was last year the star half back of the Chicago University champions.—Advocate.

Monday night, Christine, infant daughter of Mr. and Mrs. Ed French, died of cholera infantum, and yesterday evening, Samuel Marshall, aged 11 months, son of Mr. and Mrs. S. M. Harbison, died of the same disease.—Danville Advocate.

Andrew Hays died in Whitley county from the effects of being shot by Sid Sutton, July 4. Hays was not thought to be dangerously wounded at first. He was a soldier in the 2d Kentucky regiment, Company K, during the Spanish war. Sutton has surrendered.

Sam McHargue, a Laurel county character, was hit by Passenger No. 26, near Corbin. He was asleep on the track and was knocked some distance away, and though the train crew and passengers hunted for nearly an hour nothing but his hat could be found. He crawled home and will likely recover.

In Mercer county Forrest Alford shot and instantly killed William Overstreet. Both are farmers and the trouble dates from last fall, when Overstreet killed several turkeys belonging to Mrs. Alford and then sent Alford word to come and drive the others off his place. When Alford went after them, it is claimed Overstreet threatened to kill him and followed him to the road with a shot gun in his hands. The men met in the highway when Overstreet drew a knife and advanced on Alford, saying he intended to kill him. Alford then drew a pistol and fired five times, every shot taking effect.

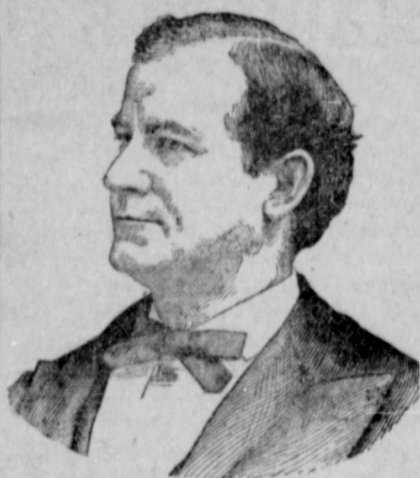

THE DEATHS OF THE APOSTLES.

It is generally believed that only one of Christ's apostles, John, escaped martyrdom, dying a natural death at Ephesus, where his tomb is still shown among the ruins. Matthew is supposed to have been slain with a sword in Ethiopia. James, the son of Zebedee, was beheaded at Jerusalem (Acts 12). James, the brother of our Lord, was thrown from a pinnacle of the Temple and then beaten to death with a fuller's club. Philip was hanged up against a pillar at Hierapolis, a city of Phrygia. Bartholomew was flayed alive at Albanopolis, in Armenia. Andrew suffered martyrdom on a cross at Patrae, in Achaia. Thomas was run through the body with a lance at Comandiel, in the East Indies. Thaddeus was shot to death with arrows. Simon Zelotes was crucified in Persia. Peter was crucified, head downward it is said, during the Neroian persecution. Matthias was first shot and then beheaded, and Paul was beheaded in Rome by order of the tyrant Nero. Judas Iscariot, after the betrayal of our Lord, hung himself. Of the two Evangelists, who were not apostles, it is recorded that Mark was martyred in Africa. His corpse was taken to Venice, where it lies in a splendid tomb in St. Mark's Cathedral. Mark is the only friend of Christ whose body still exists. Luke's fate is wrapped in obscurity, some old writers saying that he was martyred in one way, some in another. His reputed tomb is also shown at Ephesus among the ruins.—Ex.

D. R. Fotten, of Rockcastle, writes: "Under the present condition in State and National affairs I can't see how any man in Kentucky can conscientiously own that he is a republican, there are so many things confronting them. It is better for them to pray for the cliffs and rocks to fall upon them and hide them, rather than cast their vote for a party that was charged with so grave a crime as the leaders of the republican party are accused of at present, and after only a short time, many of whom will be behind the prison walls of our State Penitentiary with a reliable key turned on them for safe keeping and some may get the rope. Though heretofore a republican, I can't cast my vote with a party charged with all these evils, which is detrimental to the common people. Cast your vote for the interest of the people and not for trusts and assassins. There are true and honest men in the republican party who are for justice to all men, but the leaders of the party have deceived the people with false reports and led them to believe them for their own personal gain or greed for office.

I ask in all candor for you to look at the condition the republican party has placed itself in and with an honest heart act to destroy that which year by year is tightening the cords of poverty around the masses of the people of the great nation.

CLARENCE COLEMAN'S COGITATIONS CONCLUDED.

BACOLOR, LUZON, P. I., May 26.—The military is making preparation for the rainy season, four and six months rain, as going to those garrisons off the coast or railroad line. Of course active military operations can not be carried on during this season, but it is needless to say the insurgents will be kept at a safe distance and much scouting on the part of the Americans will be carried on. Many of the boys have purchased native ponies for the service and the government is issuing a limited number of American horses to each company for scouting purposes.

The rainy season will be on in earnest now in a few weeks. We are quartered here at Bacolor for the rainy season. No better quarters could be found on the island.

It has been very hot here for the past three weeks, the heat being terrific at times and almost unbearable. One is in a state of perspiration from early morning till late at night. May is the hottest month in the year.

I have been doing two men's work the past week. Am still company clerk and have also been tending to the phone, but I don't do enough in filling both to raise a sweat the hottest day I ever saw in Kentucky. There has been no such thing as keeping cool at present; the electric fan is out of whack and the key to the ice chest lost.

I was down at Manila last week on a three days' leave and of course managed to get filled up once more. There are delicacies and luxuries to be had in Manila, but they are certainly dear. Everything is dear in Manila. Even ice water is at a premium.

I went down on the railroad from San Fernando in preference to going on a steamer from Guagua. One on a pass doesn't have to pay transportation charges. There is as pretty a country between here and Manila as one could find anywhere. An ever changing panorama, rice fields, sugar plantations, corn fields, bamboo and palm groves, swamps, mountains and numerous deep and winding streams. Very picturesque indeed to the artist, but to one with that "tired feeling", and thinking of home—nil. But I am not of that kind. I would like to be at home mightily well, yet I am not troubling myself as long as democracy is on guard in the "Old Kentucky Home" and my people stay well. I wouldn't be over here 24 hours if I could honorably get away, but as it is their's no troubling and fretting like some I know. Am working for the Manila Press at present and manage to make a little side money.

Matters are comparatively quiet in Bacolor and the Province of Pampanga at present, yet there are still bands of ladrones prevalent, who keep in hiding to the day. We still "hike" it about three nights out of the week and continue to bring in rifles, botas, ammunition and a few ladrones. We have captured a good many Remingtons and Mausers since we have been at Bacolor, also many prisoners. Have six insurgents in the guard house at present and you are right we make them work. Considerable sickness in the regiment, also in this company, but no serious cases. As for myself, I never felt better and had less for one time in my life I have no complaints to make.

Robert Keeney, of Middleburg, has been made first cook of the company. A cook draws the pay of a sergeant.

Ed Kenney, a brother of the above named, and a member of the 3rd Cavalry, has been promoted to a corporality for distinguished bravery in a recent battle near San Fernando de la Union. Kenney had his horse shot from under him, but he escaped without a scratch. He writes that he thought it was all over with him, little thinking he would live to get out. There were 30 of the cavalrymen and they were surprised by about 200 well armed insurgents, who were secreted in a church tower and other surrounding buildings. The result was 10 Americans killed and wounded. Loss to the enemy was 60 killed, wounded unknown, but known to be heavy. The insurgents managed to sorter stand off the Spaniards, but they are soon and wisely finding out that the Americans are the real stuff. "Nough for the present."

Kingsville, Lincoln county.

The many from here, who attended the Fourth of July celebration in Stanford, report a good time and "the few" who spent the 4th of July in the Creighton grounds constituted a jolly crowd and carried out their program to perfection.

Mrs. W. R. Cundiff commenced her school at Pleasant Point Monday. Wm. Fletcher and Clark Moore, of Somerset, were here Tuesday on business. Corie Francis, Jesse and Newton Sweeney and Milford Smith have gone.

Our town was visited by a "real live burglar" last week. He obtained entrance to Mrs. Peairs' house with a skeleton key and "selected" some jewelry, which belonged to Miss Maggie Routine and which he disposed of before leaving town on a freight train.

Rockwood, Tenn., to work. Mrs. Lottie Chaw and children, of Louisville, arrived Monday to visit her sister, Mrs. B. C. Pennybacker. Little Miss Willie May McIsaac, of Chattanooga, who has been visiting her aunt, Mrs. Pennybacker, was called home to the bedside of her father, who was said to be dying. Claude Pennybacker is at home from Burgin quite sick. Miss Katherine Wells, of Junction City, who has been the charming guest of the Misses Johnson for several weeks, has returned home to the regret of her many friends here. Our postmaster, J. L. Johnson, has returned from his Western trip and is delighted with the idea of locating in Washington.

IS IT RIGHT

FOR AN EDITOR TO RECOMMEND PATENT MEDICINES?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Craig & Hoeker, Druggists.

LANCASTER.

Messrs. Jno. and Ed Norris, of Frankfort, are with their uncle, E. W. Norris.

James Foster and Mrs. Rosa B. Lane were married in the Buckeye section Thursday.

Mrs. Oliver King, a christian lady, died at her home in Bryantsville Wednesday, of cancer.

Sweeney Morgan bought 600 lambs of Colby Jenkins and 900 of John W. Poor at 5¢ and 5¢c.

Ernest Harris, well known as George Arnold's democratic Negro, died Tuesday, having been a sufferer for years. The type made me say that the Missouri sow sold for \$15.75, when I wrote \$1.575. A period makes a big difference.

Miss Theo; Hemphill bought a fine pony and trap in Lexington for \$130. Mr. Ed Adams, of Arkansas, bought 10 horses in this and Madison counties at from \$55 to \$85. J. I. Hamilton sold 20 shoats, weighing about 80 pounds, to W. H. Kinnaird for \$75.

Mr. George Jennings reports that in Alabama, fires with tobacco in them, are built late in the evening, near the milk pens and that when the cows come out of the bushes, they go and stand over the fires until the ticks drop off and then step up to be milked.

Miss Eliza Lusk informs me that examinations of white teachers for school certificates, will take place at her office July 20 and 21 and colored applicants will be examined on July 27 and 28. They are requested to be present on time. On the 20th she will hold a competitive examination for a scholarship in the State College, those between the ages of 6 and 20 years, only, being permitted to take the examination.

It would be playing the part of wisdom for the democrats, in their precinct conventions next Saturday to select delegates favorable to the nomination of Hon. James D. Black, as his popularity in portions of the 7th district will insure the election of a democratic judge and help to send a democrat to Congress from the 10th. These are matters of paramount importance, to be considered in connection with the fact that he can unite the party all over the State and insure victory in November.

Mr. and Mrs. Chas. Frisbie, of Wyoming, are expected here today to visit relatives. Mrs. J. L. Warner has been sick for several days. That genial and popular gentleman, Mr. Arch A. McKinney, now of Danville, was here on Monday. It is a mystery to me how such a man can be a republican. J. Wilkes Booth Thompson has gone to Chicago on business. Misses Jessie Powell, of Hustonville, and Georgia West, of Harrodsburg, are guests of Miss Kate Simpson. Henry Bengel is sick of fever.

Speaking of spiritual manifestations, a most convincing test was actually made here by some spiritualists. They discarded the use of the slate and sought answers by voice, although no material substance was visible. A song was sung, the room was made dark and the spirit of Josh Bleivins, long since deceased, claimed to be present. Amid perfect silence and darkness the question "Does anything interfere with your happiness?" was asked. In response the spirit said "nothing." This should be consoling to relatives and friends to know that he is at any rate, free from the ills and sufferings of this life.

Miss Pattie Eastman, of Columbus, O., is with Misses Lillian and Kate Kinnaird. Squire W. H. Kinnaird went to Altamont Tuesday. Mr. John E. Stormes attended the State Board of Pharmacy at Maysville. Mr. W. I. Williams, who has had experience in that line, served as one of the judges in the contest. Wm. J. Bryan was registered at the Simpson House Wednesday. Mr. Jesse Mershon, of Corbin, formerly of this county, paid our city a call this week. Mr. Hunley Singleton is still very sick. Mr. George A. McRoberts, who came from your city to Mr. Joseph Burnside's, is improving in health. Misses Gonzella and Florence Byrne, of Selma, Ala., are guests of Misses Julia May and Nannie Gaines. Miss Mary Dunn, of Danville, and Miss Lula Campbell, of Texas, are with Miss Mattie May Robinson. Judge Hemphill and Squire Kinnaird were appointed to have the work finished on the opera house and the Garrard.

\$21.50 to St. Paul and return. The Monon route will sell tickets to St. Paul and return at \$21.50 from Louisville, Ky., on July 14, 15 and 16, good returning until July 21st. On presentation of a round-trip ticket from St. Paul to any point beyond, adding a value of \$5 or more and by payment of 50 cents fee, extension of limit will be granted by the joint agent at St. Paul to Aug. 21st. Particulars of E. H. Bacon, D. P. A., Monon Route, Louisville, Ky.

Mackinac excursion tickets are now on sale by the Monon Route from Louisville to Mackinac, Mich., and return, going via Chicago and Marquette, the hay fever cure, and returning direct routes, with liberal limits and stop-over privileges, at rate of \$29 from Louisville. Hicks predicts that the rest of July will be very dry.

MT. VERNON.

Wesley's drug store will be moved to the Joplin building.

Hogs are dying of cholera on East Fork of Skaggs creek.

Attorney James G. Carter, of this place, is the oldest Mason in Rockcastle. He has been a member of the order for 50 years.

Hansford and Skaggs Creek Valley will have telephone connection at an early date. The line to Wildie and Brush Creek will be commenced next Monday.

Oats, corn and grass in this county are better than for years. The acreage put in corn is much larger also. The potato crop is immense. All crops seem to be doing well.

The Nicholasville street fair managers have engaged the Mt. Vernon band to furnish the music. The Barboursville fair as well as other enterprises are negotiating with this excellent band for their services.

The Woodstock Telephone Co. has completed their line from Eubanks to Mt. Vernon and has the following other stations on their route: Floyd's Switch, Estesburg, Woodstock, Watson, Walnut Grove, Level Green and Wadd.

Democrats are requested to attend the precinct conventions tomorrow and the county convention, which meets at Mt. Vernon, Monday, 16th, for the purpose of sending delegates to the Lexington convention to nominate a candidate for governor.

In the death of James Huston, who lost his life in the calvary bridge disaster, the railroad company was not called upon to pay damages. J. P. Huston, the father, refused to accept money. Said it looked too much like accepting blood money. The company, however, insisted upon paying the burial and some other expenses. The deceased left property to the value of \$6,000 or \$7,000.

Henry Brannaman, a prominent farmer of the Wildie neighborhood, was here Wednesday and said Samuel Cope, aged 18, of the Scafield Cape neighborhood, died Sunday last from the effects of a bite on the lips from a bug or insect a few days before his death. His lips and face swelled to enormous proportions and a part of his face stuffed off before death relieved him. Mrs. Robert Cook, Bogie Phillips and four or five others are said to have been bitten by a similar bug and are suffering. Two of the supposed bugs that causes the trouble were caught. They are about two inches in length with a body shaped like a wasp and have a double set of wings.

Mrs. Judge McClure and sister, Mrs. Dr. Brown, of Parksville, Miss Bessie McClure and visitor, Miss Mamie Ferguson, and Miss Annie Thompson spent Tuesday very pleasantly in the country with Mrs. Will Henderson. Mrs. Bob Thompson and three beautiful children arrived Saturday to visit Mrs. Thompson's mother, Mrs. Wm. Poynter. Dr. A. E. Ewers and family will leave Monday for Lake Winona, where they will spend the remainder of the season at their beautiful summer home. Mrs. Willis Adams, little daughter, Elizabeth Peyton, and Ernest Ewers returned from a delightful visit to Mrs. Adams' sister, Mrs. Jack Adams, at Paint Lick. Rev. Moore, of Barboursville, spent Sunday and Monday with friends here. Mrs. Jones and little daughter, Zula, returned to their home at Middleboro Monday. Miss Rosa Gentry was with friends in Pittsburg the first of the week. Mrs. James Leavell, of Bryantsville, stopped off here for a day with relatives on her return from London.

Fritz Krueger is in Shelbyville superintending a building. His son, Will, is at Manchester making brick for another building and the other two boys are looking after the work on Houk & Adams' big building, which they will have ready to turn over to the owners Oct. 1st. Bud Reynolds was in from Bee Lick. Miss Delora Brown, of Texas, is visiting Mrs. Susan Henderson. J. J. Cook is making a hand and a half in the county clerk's office. D. C. Poynter is making a working model of his patent wagon wheel. Dr. Davis says there is much sickness on Skaggs creek. Attorney J. A. Sullivan and Judge Chennault, of Richmond, who have been overhauling old records in clerk's office here for the past two weeks, will probably finish their work this week. They keep two or three assistants busy on the big job, especially on the partially burned and scorched records. Our people have come to almost look upon these gentlemen as citizens and would be glad if they were in fact.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Stralsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1. Every bottle guaranteed. Trial bottles free at Penny's Drug Store.

There has been no such thing as keeping cool at present; the electric fan is out of whack and the key to the ice chest lost.

I was down at Manila last week on a three days' leave and of course managed to get filled up once more. There are delicacies and luxuries to be had in Manila, but they are certainly dear. Everything is dear in Manila. Even ice water is at a premium.

I went down on the railroad from San Fernando in preference to going on a steamer from Guagua. One on a pass doesn't have to pay transportation charges. There is as pretty a country between here and Manila as one could find anywhere. An ever changing panorama, rice fields, sugar plantations, corn fields, bamboo and palm groves, swamps, mountains and numerous deep and winding streams. Very picturesque indeed to the artist, but to one with that "tired feeling", and thinking of home—n't. But I am not of that kind. I would like to be at home mightily well, yet I am not troubling myself as long as democracy is on guard in the "Old Kentucky Home" and my people stay well. I wouldn't be over here 24 hours if I could honorably get away, but as it is there's no use troubling and fretting like some I know. Am working for the Manila Press at present and manage to make a little side money.

Matters are comparatively quiet in Bacolor and the Province of Pampanga at present, yet there are still bands of ladronees prevalent, who keep in hiding in the day. We still "hike" it about three nights out of the week and continue to bring in rifles, boots, ammunition and a few ladronees. We have captured a good many Remingtons and Mausers since we have been at Bacolor, also many prisoners. Have six insurgents in the guard house at present and you are right we make them work. Considerable sickness in the regiment, also in this company, but no serious cases. As for myself, I never felt better and had less for one time in my life I have no complaints to make.

Robert Kenney, of Middleburg, has been made first cook of the company. A cook draws the pay of a sergeant.

Ed Kenney, a brother of the above named, and a member of the 3rd Cavalry, has been promoted to a corporality for distinguished bravery in a recent battle near San Fernando de la Union. Kenney had his horse shot from under him, but he escaped without a scratch. He writes that he thought it was all over with him; little thinking he would live to get out. There were 30 of the cavalrymen and they were surprised by about 200 well armed insurgents, who were secreted in a church tower and other surrounding buildings. The result was 10 Americans killed and wounded. Loss to the enemy was 60 killed, wounded unknown, but known to be heavy. The insurgents managed to sorter stand off the Spaniards, but they are soon and wisely finding out that the Americans are the real stuff. 'Nough for the present.

The many from here, who attended the Fourth of July celebration in Stanford, report a good time and "the few" who spent the 4th of July in the Creighton grounds constituted a jolly crowd and carried out their program to perfection.

Mrs. W. R. Cundiff commenced her school at Pleasant Point Monday. Wm. Fletcher and Clark Moore, of Somerset, were here Tuesday on business. Corie Francis, Jesse and Newton Sweeney and Milford Smith have gone.

Our town was visited by a "real live burglar" last week. He obtained entrance to Mrs. Peairs' house with a skeleton key and "selected" some jewelry, which belonged to Miss Maggie Routine and which he disposed of before leaving town on a freight train. To Rockwood, Tenn., to work.

Mrs. Lottie Chaw and children, of Louisville, arrived Monday to visit her sister, Mrs. B. C. Pennybacker. Little Miss Willie May McIsaac, of Chattanooga, who has been visiting her aunt, Mrs. Pennybacker, was called home to the bedside of her father, who was said to be dying. Claude Pennybacker is at home from Burgin quite sick. Miss Katherine Wells, of Junction City, who has been the charming guest of the Misses Johnson for several weeks, has returned home to the regret of her many friends here. Our postmaster, J. L. Johnson, has returned from his Western trip and is delighted with the idea of locating in Washington.

IS IT RIGHT

FOR AN EDITOR TO RECOMMEND PATENT MEDICINES?

From Sylvan Valley News, Brevard, N. C.

It may be a question whether the editor of a newspaper has the right to publicly recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it a duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and have always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe that if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and in very many cases the presence of a physician would not be required. At least this has been our experience during the past twenty years. For sale by Craig & Hocker, Druggists.

Ernest Harris, well known as George Arnold's democratic Negro, died Tuesday, having been a sufferer for years. The type made me say that the Missouri sow sold for \$15.75, when I wrote \$1.575. A period makes a big difference.

Miss Theo; Hemphill bought a fine pony and trap in Lexington for \$130. Mr. Ed Adams, of Arkansas, bought 19 horses in this and Madison counties at from \$55 to \$85. J. I. Hamilton sold 20 shoats, weighing about 80 pounds, to W. H. Kinnaird for \$75.

Miss Eliza Lusk informs me that examinations of white teachers for school certificates, will take place at her office July 20 and 21 and colored applicants will be examined on July 27 and 28. They are requested to be present on time. On the 20th she will hold a competitive examination for a scholarship in the State College, those between the ages of 16 and 20 years, only, being permitted to take the examination.

It would be playing the part of wisdom for the democrats, in their precinct conventions next Saturday to select delegates favorable to the nomination of Hon. James D. Black, as his popularity in portions of the 7th district will insure the election of a democratic judge and help to send a democrat to Congress from the 10th. These are matters of paramount importance, to be considered in connection with the fact that he can unite the party all over the State and insure victory in November.

Mr. and Mrs. Chas. Frisbie, of Wyoming, are expected here today to visit relatives. Mrs. J. L. Warner has been sick for several days. That genial and popular gentleman, Mr. Arch A. McKinney, now of Danville, was here on Monday. It is a mystery to me how such a man can be a republican. J. Wilkes Booth Thompson has gone to Chicago on business. Misses Jessie Powell, of Hustonville, and Georgia West, of Harrodsburg, are guests of Miss Kate Simpson. Henry Benze is sick of fever.

Speaking of spiritual manifestations, a most convincing test was actually made here by some spiritualists. They discarded the use of the slate and sought answers by voice, although no material substance was visible. A song was sung, the room was made dark and the spirit of Josh Bleivins, long since deceased, claimed to be present. Amid perfect silence and darkness the question "Does anything interfere with your happiness?" was asked. In response the spirit said "nothing." This should be consoling to relatives and friends to know that he is at any rate, free from the ills and sufferings of this life.

Miss Pattie Eastman, of Columbus, O., is with Misses Lillian and Kate Kinnaird. Squire W. H. Kinnaird went to Altamont Tuesday. Mr. John E. Stormes attended the State Board of Pharmacy at Maysville. In the death of James Huston, who lost his life in the calvary bridge disaster, the railroad company was not called upon to pay damages. J. P. Huston, the father, refused to accept money. Said it looked too much like accepting blood money. The company, however, insisted upon paying the burial and some other expenses. The deceased left property to the value of \$6,000 or \$7,000.

Henry Brannaman, a prominent farmer of the Wildie neighborhood, was here Wednesday and said Samuel Cope, aged 18, of the Scaffold Cane neighborhood, died Sunday last from the effects of a bite on the lips from a bug or insect a few days before his death. His lips and face swelled to enormous proportions and a part of his face sluffed off before death relieved him. Mrs. Robert Cook, Bogie Phillips and four or five others are said to have been bitten by a similar bug and are suffering. Two of the supposed bugs that causes the trouble were caught. They are about two inches in length with a body shaped like a wasp and have a double set of wings.

Miss Rosa Gentry was with friends in Pittsburg the first of the week. Mrs. James Leavell, of Bryantville, stopped off here for a day with relatives on her return from London.

Fritz Krueger is in Shelbyville superintending a building. His son, Will, is at Manchester making brick for another building and the other two boys are looking after the work on Houk & Adams' big building, which they will have ready to turn over to the owners Oct. 1st. Bud Reynolds was in from Bee Lick. Miss Delora Brown, of Texas, is visiting Mrs. Susan Henderson. J. J. Cook is making a band and a half in the county clerk's office. D. C. Poynter is making a working model of his patent wagon wheel. Dr. Davis says there is much sickness on Skaggs creek. Attorney J. A. Sullivan and Judge Chenault, of Richmond, who have been overhauling old records in clerk's office here for the past two weeks, will probably finish their work this week. They keep two or three assistants busy on the big job, especially on the partially burned and scorched records. Our people have come to almost look upon these gentlemen as citizens and would be glad if they were in fact.

PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the marvellous merit of this grand remedy for curing all throat, chest and lung troubles. Only one and St. Every bottle guaranteed. Trial bottles free at Penny's Drug Store.

W. F. WALTON.

DEMOCRATIC TICKET.

For President,
WILLIAM JENNINGS BRYAN,
Of Nebraska.
For Vice-President,
ADLAI E. STEVENSON,
Of Illinois.
For Congress,
GEORGE G. GILBERT,
Of Shelby.

AT a conference of republican leaders in Louisville this week, it was decided that McKenzie Moss, a bolter and a turncoat, is the proper man for the party to nominate in the 3d district to get the Brown vote and that Billy Breckinridge, a democrat until he was beaten for office and since the meaneast republican in the lot, should have the track in the 7th. It was also decided that Gov. Bradley is the only man that can redeem the 8th district and that he must make the race. The governor has served his time in the fruitless endeavor to have this district send him to Congress and he will doubtless let some other fellow get the walloping Gilbert will give him. The convention to nominate a governor will be a short affair, as the auditorium at Louisville was engaged for only three hours. That's long enough, however, to enact the cut and dried program to nominate Yerkes and covet about civil liberty.

MATTERS are in a very bad muddle in the 7th district. Trouble over the delegations from Owen caused a split in the convention at Paris, the regular convention nominating Hon. South Trimble and the rumpers naming W. B. Moody. Fayette, Oldham, Henry and Owen only were represented in the latter layout. The convention was the hottest in the history of the State and several fights were narrowly averted. Unless the tangle is submitted to the State committee, as it likely will be, there is danger of the republican program being carried out and the "Un-speakable Breckinridge," as James Andrew Scott referred to him in his speech, again being sent to Congress. It would have been better to have let the committee's first action for a primary stand, as we thought at the time. It is never safe to swap horses in the middle of a stream.

The republican party in convention assembled having shown its sympathy for assassin suspects and in effect endorsed assassination as a means of government, our beautiful and accomplished friend, Hon. John W. Yerkes, is placed in a devil of a fix. If he answers our question whether he will pardon the assassins of Gov. Goebel if he is elected governor, affirmatively, no man with any pretensions to decency or honesty will vote for him and if he says he will not pardon them the thick and thin members of his party won't support him. So it will be seen that Brer Yerkes' only hope is to continue to do the clamor, as he has so far with reference to the questions put to him by this paper.

SIMON PICKLE, arrested at Middleboro, seems to be in a pickle, with the prospect of being pickled for some time. When arrested for soliciting insurance without license, it was discovered that he is a bigamist. Two of his wives are in Middleboro and the other five are at various points of his pilgrimage. In his grip were found a license to preach, teacher's certificate from Franklin county, Ky., four marriage certificates, a deck of cards, bottle of whisky and a pistol. He is what might be called a jack at all trades and ready to work at any.

DEMOCRATS should not let crops or other demands prevent them from attending the precinct conventions Saturday afternoon, 14th, to express their will in the gubernatorial contest. We are very decidedly for Mr. Black, believing that he is the strongest man, because of his ability to unite the factions, but we shall fall out with no one who thinks otherwise. Let us all for once put aside personal feelings and act solely for the good and for the success of the party.

HON. JAMES D. BLACK has made a pretty active canvass of the State and has created a fine impression everywhere. He of all the announced candidates seems to be eminently the one to lead us to victory this fall, for he can unite the factions as no other of them can. Besides he is honest, capable and deserving and would make a model executive. Nominate him and let him send the republican joy and pride, the Danville aristocrat to grass.

JAY county, Ind., is properly named. At least some of its inhabitants, those who honor Fugitive Taylor, the promoter of assassination, are jays, not to characterize them in harsher terms. People who make heroes out of criminals are either criminals at heart themselves or have no better sense than to regard one who has had the life of a fellow man taken as one to be proud of.

CALEB POWERS swears that Judge Yost told him to flee to the mountains of Hepidam. If the judge would only also flee to where the whang doodle mourneth for its first born, Kentucky would be better off.

THE prohibitionists terrifically arraigned McKinley. Read that portion of their platform which deals with him and which appears on our 4th page.

AFTER filing an affidavit for a continuance several yards in length, and resorting to every technicality known to not over conscientious criminal lawyers, the counsel for Caleb Powers, charged with the most heinous offense under the law, finally submitted a Taylor paragon as a bar to further prosecution. Of course Judge Cantrill would not recognize the pardon of a usurper and an alleged accessory before the fact of the same crime with which Powers is charged, and deciding that the defense had not used sufficient diligence to get ready for trial, overruled the motion for a continuance. So after three days of legal sparring the case went to trial at 4 P. M. Wednesday and the examination of jurors began. For a man who claims to be innocent and for lawyers who have screamed through their assassination organs that they were ready and anxious to face the music, the quibbling shows fear of a fair trial and distrust for the ultimate result. It has all along been said that delay was the purpose of the prosecution, but Commonwealth's Attorney Franklin and Col. Campbell gave the lie to it as soon as possible and threw the assassination lawyers into confusion. Messrs. Franklin and Campbell are holding up for the law against Brown, Sims, Denny and a score of lesser lights, and backed by right and justice are more than a match for them all.

MR. WATTERSON has a well-timed appeal in yesterday's Courier Journal to the people to assert themselves tomorrow against the combine of money and murder, seeking to work its way to glory through the agency of the fungus Negro vote, the multiplied desperado vote of the feud counties, the purchasable vote of the cities and towns and the organs of assassination.

RATS desert a sinking ship and the way prominent republicans are deserting the party of force, fraud, trusts and combines shows in what a bad condition the old bulk is in.

POLITICIANS AND POLITICS.

Bryan & Stevenson will be notified of their nomination at Indianapolis Aug. 8. Gov. Benton McMillin has withdrawn from the race for United States Senator in Tennessee.

Gov. Poynter, of Nebraska, says Bryan is certain to have 220 electoral votes. He concedes McKinley but 131.

President McKinley was notified today at Canton of his nomination, and made a keynote speech accepting.

The West Virginia republicans in session at Charleston nominated A. B. White for governor and a full State ticket and adopted a platform.

Quo warranto proceedings have been instituted at Louisville by Judge Wilson against Judge Brown to decide the 27th district judgeship contest.

Senator Lindsay says that if free silver had been left out of the platform and the Goebel law was repealed there would be no trouble about democrats getting together.

The prohibition party is making a record in bringing unique and picturesque names before the public. The party's nominee for governor of Illinois is Vischer Vere Barnes.

The New York World claims to have discovered a plot to assassinate President McKinley. It was concocted by a group of Spanish and Cuban conspirators, with headquarters in New York.

The democratic committee of the 11th district met at Corbin and decided to hold a convention at Lexington July 18, the day before the State convention, to nominate a candidate for Congress.

Henry U. Johnson, the former republican congressman from the Richmond, Ind., district, who had the courage to attack the administration on the floor of the House for its sins, has come out for Bryan on the great overshadowing issue of republic against empire.

These are the announced candidates for governor: Gov. J. C. W. Beckham, Nelson county; Hon. James D. Black, Knox county; Judge W. B. Smith, Madison county; Gen. Joseph Lewis, Franklin county; Judge James P. Tarvin, Kenton county; Hon. James Garrett, Trigg county.

There is a notable revival of white-capping in Indiana, and it is not surprising after the example Gov. Mount has given of defiance to the laws. His action is exactly on the same principle as that of all mobs. When he refuses to return indicted criminals for trial, he simply asserts his superiority to law.

In his speech to the visiting delegations at Lincoln, Mr. Bryan said: "When you get to the polls to vote, remember that you are an American citizen. Remember that your vote may determine the nation's position and that the nation will, in a large measure, determine the public opinion of the world on the doctrine that governments come up from the people."

Cleveland is surprised and disappointed with the democratic platform and says: "On the basis of such a declaration the method by which the party is to be harmonized and democracy is to gain the confidence and support of our thinking and reflective citizens is beyond my comprehension." As regards the democratic ticket Mr. Cleveland would have nothing to say.

Urey Woodson, who has just returned from headquarters in Chicago, says: "Things are looking very bright for Bryan. This time four years ago we were receiving daily reports of revolts. Now our forces are getting together. Many papers which refused to support Bryan in 1896 are in line now. Then we didn't have money to pay for telegrams and will get more. Our organization is almost perfect."

Listen to these words that were spoken by Abraham Lincoln, years and years ago: "I see in the near future a crisis approaching that unnerves me and causes me to tremble for the safety

of my country. As a result of the war, corporations have been enthroned, and an era of corruption in high places will follow, and the money power will endeavor to prolong its reign by working upon the prejudices of the people until all the wealth is aggregated in a few hands and the republic destroyed. I feel at this moment more anxiety for the safety of my country than ever before, even in the midst of war. God grant that my suspicions may prove groundless."—Abraham Lincoln.

Hon. Letcher Owsley, of Lancaster, one of the best posted politicians in Central Kentucky, arrived at the Grand Tuesday. Of the governor's race he said to the Enquirer: "Unless one of the announced candidates goes into the State convention with enough votes to nominate him on the first ballot McKinley will be nominated certain. Our county, Garrard, is for McKinley first if he will accept the nomination, otherwise it is for Black second; that is also the sentiment in the counties of Lincoln and Garrard alongside of us. McKinley is the solution of the serious situation in which we stand. He would not only be elected, but would add strength to the electoral ticket and carry the Congressman in his close Congressional district through unquestionably."

THE POWERS CASE.

ONLY FIVE JURORS OBTAINED.

GEORGETOWN, July 12.—Although a special venire of 100 men were on hand today from which to choose the Powers jury, only five were secured, four democrats and one independent. The defense has eight challenges left and the prosecution but three. It is now believed that the jury will be certainly completed tomorrow.

Detective Armstrong says he has discovered evidence proving that Jim Howard is the man who fired the shot that killed Goebel.

The State agrees to pay the expenses of the defense's witnesses in the Caleb Powers case at Georgetown, Powers swearing he was too poor to do so.

An attempt to spirit Finley Anderson, of Barbourville, witness for the Commonwealth, from Georgetown was made, but Arthur Goebel got on to it and succeeded in having him brought back. It is said that he knows even more damaging things against the conspirators than Golden.

Philadelphia broke all records for accidents on the Fourth. Ten dead and about 300 wounded, some severely, makes a list of casualties large enough for a battle or two as they are now conducted.

The official Chinese version of the Boxer trouble is given in a lengthy dispatch to Minister Wu at Washington. It lays responsibility for most of the trouble on the foreigners who fired on the forts at Taku.

Prince Li Hung Chang has been ordered to Peking, and it is believed to him will be entrusted the breaking of news to the Powers of a wholesale massacre of the foreign ministers, their guards and attaches. Vice Admiral Seymour admits he is hard pressed at Tien Tsin. There has been incessant fighting, and the allies have had heavy losses. The Chinese have defeated them and retaken the arsenal.

The semi-annual statement of the L. & N. shows an increase in gross earnings of \$3,955,582. The operating expenses show an increase of \$2,999,954. The net earnings from traffic were \$8,983,526. The total fixed charges were \$6,178,519, and the surplus \$3,469,767. The dividend, which is payable Aug. 10, will amount to \$792,000, making the total dividend for the year \$1,584,000.

Near Wickliffe six men flagged a passenger train on the Illinois Central. They entered the express car and overpowered the messenger. The safe was blown and \$10,000 taken. The engine was cut from the train and the fireman and engineer were forced at pistol point to run the train away. The passengers were not molested. In their haste to leave the car the robbers lost a package containing \$700. The fireman was slightly hurt by a robber hitting him with a pistol.

The robbers are still at large.

Desirable Farm At Private Sale.

Desiring to change climate on account of my health, I will sell at private sale my farm of 230 acres in West Lincoln County, Kentucky 2 1/2 miles East of Hustonsville, and 1 1/2 miles West of McKinney on C. S. R. R.

This farm and improvements are among the best in the Blue Grass region of Kentucky. The dwelling is a modern brick and frame, metal roof, containing 9 rooms with halls, porch and veranda. Outbuildings include two splendid and commodious barns with 24 box stalls and shed room for 100 cattle or 200 sheep, other buildings include ice-house, buggy house, meat house, coal house, poultry house, flower pit and good tenant house of five rooms. All buildings are in first-class repair and comparatively new. Never failing orchard of best variety of fruit. The larger portion of this farm is first-class tobacco and hemp land. Abundance of never failing water, four rock walled ponds, in addition to branch through one side of the place. 300 acres of farm in blue grass or meadow, with 50 acres in wheat and corn; fencing in excellent condition and abundance in quantity.

This farm is in good shape for division, if so desired, as it lays almost in a square, bounded on North and East sides by Hustonsville and McKinney Turnpike. This home and farm has to be seen to be appreciated. Any one wishing to secure a very desirable place will rarely meet with an opportunity to find this quality on the market. Terms liberal. Any person desiring to inspect the premises are invited to call on or address me at Hustonsville, Ky.

LITTLE Jim Greer cut Max Ginsburg across the calf of his leg last evening, inflicting quite a severe wound. They are only 10 or 11 years old and rather young to be fighting with knives.

If democrats stay at home tomorrow and let a few ringsters run things they need not kick over the result. Be at your voting precinct promptly at 2 P. M., standard time, to say whom you are for for governor.

PARTY.—Mr. James W. Powell, of the West End, gave a party the other night to his "young friends," Messrs. Samuel Reid, John T. Frye, Smith Powell and Marshall Powell. A good time generally was had and the boys, as Mr. Powell, calls them, did not get home until the wee sma' hours.

WE deeply sympathize with Mr. and Mrs. D. H. Skinner, of Hustonville, in the loss of their little son, Frank, whose illness we mentioned in Tuesday's paper. The little fellow was only eight months old but the fond parents had long since learned to idolize him and they are almost heart-broken. The burial occurred Wednesday afternoon.

A GENTLEMAN who was here from Lancaster the other day, told us that since the ordinance was passed by the Stanford council prohibiting the sale of cocaine, the druggists of his town were reaping a harvest from Stanford and surrounding county dinkies and others who use the fearful drug. They are also doing about as good business selling morphine to those who can not get it hereabouts.

THE democratic committee in calling the conventions for tomorrow afternoon threw the doors open to every one who claims to be a democrat and will support the democratic ticket at the election. The invitation is broad and cordial. Let every man, who has any democratic blood in his veins, accept it and let us all hereafter live in peace and harmony. We shall see who accepts the invitation tomorrow.

THE will of Mr. Richard Cobb, Sr., was probated Tuesday. It provides liberally for his widow during her life time, sets aside \$400 for a monument for him and his wife and divides his estate equally among his children, after deducting from each the amounts advanced to them, which vary from \$1,300 to \$2,900 and aggregates about \$16,000. The portion of Mrs. Bettie McKinney is left to her in trust to W. M. Bright, and that of Miss Florence Myers to Thomas Phelps in trust. His half of the farm in Boyle he owns with his son, Richard Cobb, Jr., is given to him to be charged at the rate of \$35 in the division of the estate. Thomas Phelps and Richard Cobb, Jr., are named as executors.

SAME VS. SAME.—Some time ago when a Tennessee man came here and got his wife who was living with another man at C. B. Mays', the latter was very indignant that he should have been so imposed upon. It seems, however, that Mr. Mays' indignation was assumed or at least that he was doing the same act himself, only the woman he was living with, was not another man's wife, but a single woman. Marshal Newland got on to the racket and arrested Mays, who was taken before Judge Carson and fined \$10 and costs. He went to jail and staid two days and then paid the rest of the fine. The woman, who is quite good looking, is named Mollie Justice and she is said to be from Grayson county. She was given time to leave town. Mays, who is a hardworking blacksmith, is a married man with several children, but has not lived with his wife for some time.

HAMILTON for good watch work.

O. P. HUFFMAN has sold his grocery stock to Perrin & Menefee.

CLOTHING and Hat Stock will be closed out at cost for cash. G. H. Farris & Co.

A FEW pairs extra nice Gent's Low Cut Shoes to close at a bargain. John P. Jones.

DON'T be deceived. We can furnish you life sized pictures for less than any agent can. Maggie Sacray.

MISS MCGINNIS, of Danville, won the contest at Lancaster last night. Her subject was "Buying A Fellow."

Miss Polly Traylor, Stanford's entry, acquitted herself most creditably.

FINGER CUT OFF.—Mr. J. C. Hays, of the East End, doesn't let a little thing like cutting off a finger stop him from work. While running a binder he caught the middle finger of his left hand in a cog wheel and it was mangled to the first joint. He finished cutting his wheat—about 40 acres—and stacked it all, seemingly forgetful of the painful accident that had befallen him.

MATRIMONIAL MATTERS.

Robert Willard, a bachelor of 78, and Miss Daisy Harrison, 28, were made one at Henderson.

Will Covert and Miss Ida Figg, of Shelby City, who were married June 17, have just made their friends aware of it.

Will Botto, of Louisville, who was left \$200,000 by his aged wife, has married Maud LeRoy, a shapely chorus girl.

William G. Clarkson, of Alum Springs, and Miss Oma Cozatt, of Parksville, eloped to Jellico, Monday night, and were married.

Walter Clem, who killed his brother-in-law, Eugene Owens, in Boyle county, was held over without bail. The testimony against Clem was very damaging.

Judge J. Wheeler McGee and Miss Mary Ella Taggart, both of Louisville, were married at Geneva, Switzerland. United States Consul Ben Ridgely acted as witness.

CHURCHES AND PREACHERS.

About 25,000 additions to the Christian church have been thus far reported this year. Nearly 900 of that number have come from the denominations.—Guide.

Rev. W. S. Grinstead went from here to the Cherry Grove camp meeting in Fleming county, where he and Rev. J. O. A. Vaughn are engaged to do the preaching. This is the second year of the meeting. On the last Sunday of last year's meeting there were 2,335 persons who paid 10 cents to get in. The point is away off the railroad, and no excursion can be run to it. Mr. Grinstead objects to excursions and will not preach at meetings to which they are run.

"We have sold many different cough remedies, but none has given better satisfaction than Chamberlain's," says Mr. Charles Holzhauser, Druggist, Newark, N. J. "It is perfectly safe and can be relied upon in all cases of coughs, colds, or hoarseness. Sold by Craig & Hocker, Druggists.

Sheriff S. M. Owens has a fine South-down ewe, which has "presented" him with four lambs since Feb. 1. Two were born about that time and two more arrived the other day.

G. W. Wyatt delivered to R. B. Hutchcraft his crop of 2,000 bushels of wheat, which he sold at 74 cents. It was raised on 90 acres, and averaged a little over 22 bushels to the acre.—Par in Kentuckian.

T. H. Smiley, of Lexington, bought of McAllister Bros. two saddle horses for \$180 and \$137.50. He bought another in the Moreland section for \$130. While here yesterday he offered Beazley Bros. a fancy price for a team of good ones.

At Manassquan, N. J., a company has secured a tract of 350 acres to conduct a giant bean industry, conducted on scientific methods. The company in-

ROYAL

The Absolutely Pure BAKING-POWDER

is the baking powder of general use, its sale exceeding that of all other baking powders combined.

Royal Baking Powder has not its counterpart at home or abroad. Its qualities, which make the bread more healthful and the cake of finer appearance and flavor, are peculiar to itself and are not constituent in other leavening agents.

Great efforts are made to sell alum-baked powders under the plea that they are so many cents a pound cheaper than Royal. The admission that they are inferior is an admission that they are inferior. But alum powders contain a corrosive poison and should not be used in food, no matter how cheap.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK

tends to control the New York market for "guaranteed" fresh-laid eggs. They will deliver eggs in boxes, each box stamped with the date of laying, and delivered to the customers within 24 hours after the eggs are laid.

Delaware's peach crop is likely to be a record-breaker this year. The peaches have escaped the Scylla of frost and the Charybdis of curculio, the insect that preys upon the fruit. The yellows have kept away and the growers are lying back waiting for the fruit to ripen and the commission merchants' checks to come in. The crop has been a failure since 1884.

C. A. Wills had his nose cut entirely off in a runaway accident in Nelson county.

John Frazee, of Boone county, died from the effects of eating rough on rats by mistake.

Fourteen persons have been sent to the insane asylum from Davies county since Jan. 1.

The allied forces at Tien Tsin are hard pushed and the seriousness of the situation is intensified by the disagreement among the various commanders.

OSTEOPATHY.
This Science, originated and developed by Dr. A. T. Still, of Kirksville, Mo., depends on the principles of Anatomy and Physiology for its results. It requires no faith, no drug no rubbing, no surgical operations, and claims nothing supernatural. Osteopathy views man as a machine of so many parts; its keynote is adjustment. When all parts are properly adjusted and not overworked, health is the result.
